

# VAT on Sales of Electronically Supplied, Broadcasting and Telecommunication Services (MOSS)

## Sales from North American companies to *individuals* in the EU

A North American company that sells digital services, including most electronically supplied, broadcasting and telecommunication services to individuals within the European Union (EU) and some other countries is legally required to register for Value Added Tax (VAT), and charge VAT to the customers. Once the North American company is registered for VAT in one EU country, VAT must be charged according to the various EU countries' VAT rates, for example 20% UK VAT to UK individuals, 19% German VAT to German individuals, 25% Swedish VAT to Swedish individuals, and so on.

### Sample of VAT rates:

Austria MwSt/UST	13% / 20%
France TVA	20%
Germany MwSt/UST	7% / 19%
Luxembourg TVA	17%
Netherlands BTW	9% / 21%
Sweden Moms	12% / 25%
United Kingdom VAT	20%

**Euro VAT Refund, Inc.** (EuroVAT) is a leading U.S. financial services firm based in Los Angeles, specializing in assisting North American companies with their Value Added Tax (VAT) management and refunds when they do business in Europe and several other countries worldwide. EuroVAT acts as your North American based local VAT department, your U.S. source for all international VAT questions, reclaim, registration and management. A very cost efficient way for you to access top international VAT expertise through a local U.S. source.

## Sales from North American companies to *companies* in the EU

When a North American company is selling digital services to a company within the EU, VAT registration is generally not required, and no VAT generally has to be charged to the EU company if the company sold to has a VAT number or can be proven to be a business.
